Senior Account Manager at Vigorate, leading technical project and program delivery in enterprise CRM, customer data and marketing technology. Eight years of experience across project delivery, digital operations and client management, including 5+ years at Vigorate.

### Core skills

Technical project and program management, stakeholder communication, scoping support, effort tracking, resourcing, requirements and acceptance criteria, risk and dependencies, CRM and lifecycle journeys, customer data and consent, QA, UAT, release and post-launch improvement.

### Senior Account Manager | Vigorate

Vigorate tenure: September 2021 to present · Toronto, Ontario

- Lead delivery of enterprise CRM and customer data projects from the first client brief through build, QA/UAT, launch and ongoing improvements. Build workback plans and manage milestones and dependencies.
- Manage **20+ concurrent workstreams per quarter** across Salesforce Marketing Cloud, Marketing Cloud Next, Salesforce Data 360, Braze and connected platforms.
- Lead programs supporting **200M+ annual email and SMS/MMS sends**, alongside separate push and in-app initiatives. Oversee audience and consent validation, deployment readiness and monitoring.
- Introduced structured intake, prioritization, risk and change control, and release checks. The programs reported **30% fewer late-stage scope changes** and **20% shorter UAT-to-launch cycles**.
- Partner with Solutions Consulting on scope, effort estimates, budgets and statements of work. Track project and retainer hours against approved estimates and flag changes that need a revised estimate or client approval.
- Lead cross-functional delivery with clients, architects, developers, data and QA teams. Define acceptance criteria and guide decisions on consent, attribution, field mappings, SQL-based audience validation and API integrations.
- Lead client discussions on change requests, risks and launch readiness. Managed SAP cutover dependencies for 20+ Marketing Cloud journeys and secured client approval for recovery outreach after a journey import failure.
- Use Claude Code, subagents and Agent Skills to surface questions for requirements, ticket preparation and QA. Check the findings against source material and specialist input before use.

Measurement notes for reported career results

### Digital Operations Manager | EnsembleIQ

Toronto, Ontario · January to September 2021

- Managed **30+ multichannel campaign launches annually** across paid social, Google Ads, sponsored content, lifecycle email and web for retail, CPG and B2B clients.
- Coordinated audience planning, creative, media pacing, tracking and launches with sales, editorial, media and web. Improved reported budget-to-click efficiency by **5 to 8%** through testing and audience refinement.
- Built repeatable campaign planning and reporting processes that reduced reporting turnaround by **25%**.

### Customer Success Manager | 101 Mobility

North York, Ontario · July 2019 to December 2020

- Managed CRM operations, customer analytics and service reporting. Combined referral, lead, service and revenue data to reduce manual analysis by **30%** and help leaders identify underperforming channels.
- Used customer feedback, service trends and market data to prioritize changes to workflows, marketing and pricing.

### Marketing & Financial Services Representative | Primerica

North York, Ontario · March 2019 to August 2020

Supported client acquisition, relationship management and needs-based financial planning in a regulated environment.

### Project Team Lead, Marketing & Events | Jobs Canada Fair

Toronto, Ontario / national · August 2018 to July 2019

- Led an **eight-person team across six provinces** and owned strategy and execution for **125+ targeted email campaigns**. Coordinated partner communication, event logistics and regional handoffs.
- Contributed to reported program increases of **10% in customer retention** and **15% in new customer acquisition**.
